

INTERIOR DESIGNER - DENVER

Interior design firm in Denver has an immediate opening for a full-time designer. The ability to work within a dynamic and creative environment is a must. This position requires experience working with large scale amenities, resort style clubhouses, sales offices, spas, and restaurants. Working as a collaborative team on multiple projects at a time in a fast paced office is vital.

The ideal candidate will be very detail oriented with a good understanding of construction documents and millwork. Must also possess very strong creative passion, organization, communication, and time management skills with a minimum of 3 years' experience in commercial interiors.

Looking for an individual with strong skills in all phases of design; developing design concepts and presentations, space planning, furniture specifications, installation of projects, construction documents, and contract administration. The position requires knowledge of building codes, CAD, construction management, and interior design drawings.

Essential Requirements:

- Bachelor or Associates Degree in Interior Design
- Some Travel Required
- Design talent combined with technical capabilities

Great opportunity, including salary and strong benefits package. Please submit resume, portfolio, and salary requirements to svendjam@dlinesinc.com. Please put IDC in the Subject line of your email.
